General Comments

- Note from Safety to Asset Management: SDN talked to Stan Alderson in December of 2017. He informed Safety that this will need to have BOMPR profile, seeing as though this is a capital project. Also note, the "asset profile" will have to be removed from the line of the purchase order once issued. All potential bidders want to be paid in phases. Removing the asset profile allows for multiple receipts, or payments, to be rendered against one single purchase order. Dependent upon the time frame needed for the completion of this project, this may be moved to a work in progress.
